

A unique opportunity to understand and enhance decision-making styles for established and emerging leaders in education.

Directive?

Consultative?

Consensual?

Delegative?

Different styles of leadership are appropriate in different contexts. The challenge is to judge which style to use when in order to promote best practice.

The Education Leadership Judgement Indicator

... is a targeted online test developed by **Formula 4 Leadership**, a centre of excellence in the assessment and development of leadership. It is based upon the original 'Leadership Judgement Indicator' **used by over 10,000 leaders worldwide.**

How does it work?

- Initial meeting
- On-line assessment (**The Education Leadership Judgement Indicator**)
- A precise, written report
- Feedback session
- Coaching and training support
- Ongoing review and evaluation

Who will you work with?

Formula 4 Leadership have experienced consultants who can provide excellent coaching to ensure you get the most from your ELJI report, and also facilitate training events that can support the key requirements of your establishment.
